Wrigley 800.WRIGLEY

According to their website:
"While some Wrigley products may contain gluten, the majority of our products are gluten-free. In general, we avoid using ingredients that contain gluten where they serve no functional purpose or can be replaced by gluten-free alternatives; however, ingredients and formulas may vary between regions. When the use of ingredients containing gluten is critical to the product taste experience, we follow all labeling requirements to allow our consumers to make an informed choice. We always advise consumers who are concerned about food sensitivities to read the label and check with their doctor if they have questions."
